

Week 1 Report

CampusConnect Project Report

Name: Ravi Ranjan Bhardwaj

Project: CampusConnect – Event Management Web Application

Technologies Used: HTML, CSS, JavaScript, Local Storage, Git & GitHub

Work Completed:

- Created GitHub repository and project structure.
- Developed Home Page (index.html).
- Developed Events Page (events.html).
- Developed Add Event Page (add-event.html).
- Developed Event Detail Page (event-detail.html).
- Developed My Registrations Page (my-registrations.html).
- Implemented navigation bar and footer.
- Added sample event cards and page layouts.

Outcome:

Successfully completed the basic structure and static frontend of the CampusConnect application.
